An unofficial source said there were swat teams of FBI men stationed in the woods near the M.A.T.E.S. compound that evening, but neither the FBI, nor the military would confirm it.

Norman Olson, commander of the Michigan Militia Corps, has said he does not condone the threat and has requested an internal investigation to see if one or more of his members may have made the threat without his knowledge. Olson claims a statewide membership in the Michigan Militia of over 12,000 and has repeatedly said his Corps' mission is to work with and within the law.

According to McConnell, there were a number of Russian-made tanks and miscellaneous Russian-made equipment at Camp Grayling that have been used for the last 12 years as part of the "Chicken Little" exercises. He said the equipment is owned by the U.S. Department of Defense.

McConnell said he didn't know if Chicken Little was scheduled to take place this year at the camp, nor did he know if the tanks would be returned.

### Welfare and safety of children is priority

To the editor:

I am writing as a parent of three children, two of whom are currently enrolled in the Crawford AuSable schools. We have lived in this community for about two years and had previously lived in a community that spent a great deal more money on its schools. In spite of this greater wealth, the other school district did not do a better job of educating The teachers and administrators of the Crawford AuSable School District are doing a tremendous job with the limited

resources they have. The issue of the bond proposal is not about politics or philosophy. It is not about who has wasted the most money, nor what frills can be added to the educational program. It is simply about space. There are too many children crowded into too small an area at both current plan, moreover, will solve the elementary and middle schools another problem as well. If you have now, and as the school-age population. increases as it inevitably will, the School in the morning, you will have situation will only get worse. There is seen a traffic nightmare. Cars and no other solution except to build the busses compete for spaces in the addition to the Grayling Elementary driveway, with children weaving in School.

suffered from the crowding problem. My oldest child spent her 5th grade year at the middle school, which, in my opinion, is an inappropriate place for 5th graders, in a portable without the day my daughter and her classmates were deprived of the opportunity to the quality of the education there, I do and vote yes on March 21. not think this transfer of students is an

ideal situation. Not only does it add about an hour to her bus travel time. but it makes it more difficult for us to get to her in case of an emergency. Finally, it deprives her of the opportunity to participate in after school or community activities because of the transportation problems involved. My third daughter will enter school in the fall of 1998, and I have no idea whether there will be space for her anywhere.

Building onto the elementary school will resolve all my objections to the current situation: It will remove 5th graders from the inadequate portables at the middle school and bring them back to the elementary school where they really belong; it will stop the shipment of kids from Grayling to Frederic; and it will ensure that there will be space for future students. The driven past the Grayling Elementary and out of these vehicles. Add to these Both of my children in school have—the cars and ambulances entering the hospital parking lot, and you will see that it is a miracle there haven't been more serious accidents. As I understand it, the new plan will separate bus and auto traffic and keep plumbing. That means that for most of the children away from the hospital

The more we delay the tolerate these conditions at the places inevitable, the more expensive it will where we work? Also, my middle be, not only in the added costs of daughter has been bussed from future elections, but also in the costs of Grayling to Frederic for her 3rd and construction. Please make the welfare 4th grade. Although I do not question and safety of our children a priority

remained urpsaid for more than one year after they were returned delinquent or for land identified a certified special residential property under section 55a, 90 days after the lands were returned as delinquent.  3. That the amounts opposite each description of land are (a) the total amounts of delinquent taxes which may lawfully be sold at the next annual tax sale, (b) interest acculated as provided by law to the first day of May, (c) a county property tan administration field four percent, with a minimum of \$1.00, and \$10.00 for expenses, all in accordance with the act mentioned above.  4. That all of the taxes, interest and charges are valid and have remained delinquent for sufficient time to require the sale of the lands against which they were assessed at the next annual tax sale, and constitute a valid lien upon each of the parcels of land, and that a judgment be issued in favor of the State against the land for the payment of the amounts specified, and if not paid, that the lands be sold.  Therefore your plaintiff requests:  a. That within the time provided by law this court determines that the taxes, interest, and charges on lands described in Schedule A are valid and constitute a valid lien upon each of the parcels of land.  b. That within the time provided by law this court determines that the taxes, interest, and charges on lands described in Schedule A are valid and constitute a valid lien upon each of the parcels of land.  c. That if the smounts in the schedule are not paid, the lands, or the portion that is necessary to satisfy the amount adjudged against the lands, shall be offered separately at the tax sale as the law provides; d. That your plaintiff may have such other and further relief that this court finds just and equitable. expenses, all in secondance with the set mentioned above.  4. That all of the texes, interest and charges are valid and have remained delinquent for sufficient time to require the sale of the lands against which they were valid into upon each of the parcels of land, and that a judgment be issued in favor of the State against the land for the payment of the amounts specified, and if not paid, that the lands be sold.  Therefore your plaintiff requests:  a. That within the time provided by law this court determines that the taxes, interest, and charges on lands described in Schedule A are valid and constitute a valid lien upon each of the parcels of land.  b. That within the time provided by law this court make a final judgment in favor of the State of Michigan against each parcel of land for the payment of the taxes, interest, and charges, in Schedule A, and that the amounts in the column headed "Aggregate" shall constitute the amounts adjudged against the lands, unless amended by this court;  c. That if the amounts in the schedule are not paid, the lands, or the portion that is necessary to satisfy the amounts adjudged against the lands, shall be offered separately at the tax sale as the law provides;  d. That your plaintiff may have such other and further relief that this court finds just and equilable. #### ORDER TO ANSWER ORDER

At a session of said Court held in the City of Grayling, County of Crawford, State of Michigan, on this 17 day of February, 1995.

PRESENT: HONORABLE ALTON T. DAVIS, Circuit Judge

On the 8th day of August, 1994, an action

was filed by Grayling Township, a Municipal Corporation, Plaintiff herein, against Defendants, BARBARA F. BLEVINS and ERVIN C. CAMPBELL, in this Court for Injunctive Relief requiring Defendants to remove the subject mobile home and travel trailer to eliminate any violation of the Grayling Township Zoning Ordinance in the R-F zoning district or in the alternative, that Plaintiff be allowed to remove the subject mobile home and travel trailer and tax the reasonable cost of same as a lien upon the subject property. The Defendant, BARBARA F. BLEVINS, is in possession and control of real property and Defendant, ERVIN C. CAMPBELL legally owns real property more fully described as follows:

Premises situated in Grayling Township, Crawford County, Michigan:

PARCEL #17: Being a part of Section 19, T26N, R2W, Grayling Township, Crawford County, Michigan:

Commencing at the NW corner of said Section 19; thence S 89 deg 15'30" E along the Section line, 942.3 feet; thence S 0 deg 09'15" W, 335.4 feet for Point of Beginning; thence S 89 deg 15'30" E, 1300.29 feet thence S 0 deg 10'20" W. 335.4 feet, thence N 89 deg 15'30" W. 1299.92 feet, thence N 0 deg 09'15" E, 335.4 feet to Point of Beginning and contains 10.01 acres of land. SUBJECT TO a 33.0 foot easement for ingress and egress and installation and maintenance of public utilities over the Easterly side thereof. EXCEPTING & RESERVING all oil, gas and mineral rights of every kind and nature and all right pertinent thereto.

SUBJECT TO RESTRICTIONS. RESERVATIONS AND EASEMENTS OF RECORD.

IT IS HEREBY ORDERED that Defendants. BARBARA F. BLEVINS and ERVIN C. CAMPBELL, shall answer or appear and take such other action as may be permitted by law on the April 4, 1995 at the Circuit Courtroom, County Building, Grayling, Michigan.

Defendants, Barbara C. Blevins and Ervin C. Campbell are hereby notified that they may, at any time prior to the Court date, contest this case by appearing themselves or by an attorney of their choice in the Circuit Court Clerk's Office, and filing a written answer to the complaint herein made, or they and their attorney may on the Court date, present their defense at which time the matter will be heard by the judge in the above Courtroom. Failure to appear on the Court date designated above will result in a Default Judgment being taken against you for the relief demanded in the Complaint. Defendants may demand a trial by jury in which case the jury fee must be paid.

The Grayling Vikings ended a eliminated from district tournament play by losing to a tough Petoskey Northmen team by the March 9.

The Vikings traveled to Pe- their effort on the court." toskey to challenge the home team and to defend their district title in front of a large capacity crowd. The Viking's high energy was evident as the team took the floor and looked as though they were ready to compete with anything the Northmen had to offer.

"Our kids played well in the first half," said Viking Head Coach Rich Moffit. "The key to our early success was that we went inside to our big kids."

The "big kids" were so successful inside that seniors Ben Viking's 31 first-half points.

Early on, the inside players found themselves in foul trouble which limited their playing time.

Senior Chris Jones noted the problem saying, "In the firsthalf we played well, but we got into foul trouble which kind of took away our inside game."

"In the first quarter we were competing with them," added senior Shane Hinkle. "We played solid defense and we capitalized on their mistakes."

The Vikings trailed closely at half time 32-31 but Petoskey came out of the break with much enthusiasm and put together a scoring run that they would keep for the remainder of the game.

"We committed too many mistakes to compete with a team like Petoskey," said Moffit. "We were out-rebounded 29-26 and had 21 turnovers."

The Viking offense did not seem to be in sync in the second half due, in part, to a stingy Petoskey defense. The Vikings were out-scored 45-25 in the second half and were overpowered by the many Petoskey weapons.

"It was sad to finish the season this way after such a good year," said junior Jason Thompson. "I'm sure we'll miss the seniors next year."

### DNR campground hosts combine service and fun

and the satisfaction of helping others, forest campgrounds needing hosts. you can combine the two as a Michigan State Park or State Forest Campground

The campground host program individuals to camp in a state park or state forest at no charge in return for offering assistance in the campground.

"The campground host program is an exciting way for citizens of Michigan to take ownership and pride in their state park and forest systems," DNR Director Roland Harmes said. "Individuals can give something back to the parks and forests that they have enjoyed over the years, while finding pleasure in meeting new people in these beautiful settings."

Duties of a campground host include greeting campers and directing them to their sites, explaining camping fees, providing light maintenance, answering questions about the park or forest, arranging campground activities, and providing other services depending on the host's talents. Campground hosts can be individuals

To be a campground host, you must: •Be at least 18 years old;

•Not be employed for more than 16 hours per week;

•Serve as a host for a minimum of four weeks;

 Provide personally-owned camping unit, equipment and personal items;

•Provide services for five days of the week (approximately 30 hours), including weekends and holidays.

Those interested in hosting at a state forest should contact the DNR Forest Management District Office near the forest of their choice, or call the DNR's Forest Management Division, at (517)

### Crawford AuSable School District -- State of the school

Feb. 13, 1995 By Kent S. Reynolds, Superintendent

Continued from last week Building plans for "at risk"

students:

We must continue to improve

We will ensure that those plans relieve elementary overcrowding. include specific actions to improve gender equity at all levels. We must identify practices that destroy self esteem. For example, we cannot and will not accept programs or attitudes that condone poor behavior by boys or imply that girls can not succeed in math and science. The attitude that "boys will be boys" is not acceptable and there is no math gene missing in girls. One of our strategic planning strategies says "We will develop a plan to ensure that each student reaches full potential." We will not let district practices or programs limit that development. The building plans developed this year must direct methods to identify and correct gender biased practices.

#### Personnel committee:

A district personnel committee was organized last spring to review personnel practices. The committee consists of representatives from each of our buildings, employee groups, administration and the board of education. "

yyhy didn't I remember to search for that oil lamp while it was calm? Now, here I am again...in the dark! The storm is already raging. It could be days before the electricity returns! The lamp is probably under that pile of junk in the basement, but there's no good in having a light you can't find."

Matthew 14:15-16 says this in another way, "Nor do men light a lamp and put it under a bushel, but on a stand, and it gives light to all in the house. Let your light so shine before men, that they may see your good works and give glory to your Father who is in heaven.'

Worship this Sabbath at the church or synagogue of your choice. Reflect the light of God's love in your life... "the calm before the storm."

### Putting together an emergency food supply

of time. First, you have the problems of keeping warm and feeding your family during the outage. And second, it can cost you money if you have to toss out food that spoiled while you per person per day. You can store the were without power.

and power outages, stock your cupboards with foods that do not need to be refrigerated. Canned food is better than bottled food for winter storage because glass jars and bottles can break if they freeze. Canned foods can be kept for up to a year as long as they aren't leaking or bulging.

Keep plenty of canned foods, such as ready-to-eat meats, fruits and vegetables on hand. Be sure you have a manual can opener on hand. You may have to eat the food cold, or you can heat it up with candle warmers or chafing dishes in the house. If you're not literally snowed in and can get outside, you can use a charcoal grill, hibachi or camp stove to heat food. If you are heating it in the can, be sure to remove the paper label so it doesn't catch fire.

Other items to keep on hand for winter emergencies include: •Smoked or dried meats such as

beef jerky. •Canned juices, milk and soups.

•Instant coffee, tea and hot chocolate.

·Powdered milk.

•High-energy foods—peanut butter, jelly, crackers, nuts, trail mix.

•Cookies, candies, sweetened cereals.

Vitamins.

Avoid having foods that are high in for it to pose a food-safety problem.

Winter power outages can be an salt and increase thirst. You may not inconvenience if they last any length have running water during the emergency.

It's important to have enough water stored to see you through an emergency. Figure one gallon of water water in clean, empty plastic milk When preparing for winter storms containers. Be sure to change the water several times over the course of the winter. Use it to water house plants or to do household cleaning chores rather than dumping it down the drain.

Don't forget to keep extra canned and dried pet foods on hand, too.

After the crisis, you will need to evaluate the potential safety hazard of foods that were in your refrigerator or

In a well filled freezer, food will probably stay frozen for 15 to 20 hours if you keep the door closed. If the power outage is likely to be longer than that and you're not snowed in, consider moving your food to another location that's not experiencing the power outage. If that's not possible, consider buying some dry ice to keep the temperature low. If you still have ice crystals in the food after the power comes on, it should be safe to refreeze it immediately.

Foods stored in the refrigerator pose a greater food-safety risk. If cooked foods such as cooked meat, poultry, pot pies, casseroles, stews and chili stay at a temperature higher than 40 degrees Fahrenheit for more than two to three hours, they should be discarded because the potential for bacterial growth is high. Remember that food does not have to look or smell spoiled

### YOU'RE SITTING ON A GOLD MINE.

### NO FEE HOME EQUITY LINE OF CREDIT

If you thought you would have to travel far and wide to find a gold mine, there may be one much closer to home than you realize. In fact, it is your home - the equity in your home you've built up over the years making your house payments. Now, with GSB's Golden Credit Line, you can loan yourself money based on that equity.

Once you've established a Golden Credit Line, you have a ready line of credit up to 80% the value of your home, less your current mortgage balance. You can access Golden Credit Line through your checking account. And because the loans are tied to your home, you may be able to write the interest off against your income tax. (You should consult a tax advisor regarding the deductibility of interest costs.)

Golden Credit Line is an excellent way to provide yourself with a line of credit, enjoy potential tax benefits, and avoid paying loan fees. But only if you apply before March 31. Stop in at any GSB office, or call 348-7631 in Grayling, or 732-8900 in Gaylord.

\*First year annual fee appraisal and recording fees totaling \$169 are waived. The interest rate on Golden Credit Line is 2% over the higher range of the prime rate published in the Wall Street Journal. Annual Percentage Rate (APR) example, if during the month, the prime rate of interest established in accordance with the higher published rate in the Wall Street Journal is 9.0%, the Interest rate applied to your Golden Credit Line would be 11.0% APR. Should the prime rate change, your interest rate will be LENDER adjusted at the beginning of the following month. The maximum interest rate will not exceed 18% APR. MEMBER FOIC

land, creeks, streams, rivers, lakes, and more Great Lakes shoreline than any other public recreation provider, the opportunity for outdoor recreation would appear nearly limitless. But the reality is that recreation opportunity and management on state forest land is vulnerable and limited.

The AuSable State Forest contains 728,000 acres of state-owned lands lying in 11 counties of the east-central portions of the northern Lower Peninsula. The district office is located in the town of Mio in central Oscoda County. The forest is broken down into three forest areas, one each housed in the Grayling, Roscommon, and Gladwin offices.

The AuSable State Forest offers recreation opportunities for rustic camping, ORV riding, snowmobile riding, cross-country skiing, hiking trails, horse-riding trails, nature observation, and varieties of hunting.

Twenty-one rustic campgrounds are administered and maintained within the forest, with several along the Mainstream and South Branch of the AuSable River, and on many prominent lakes in the district.

The forest operates 40 miles of crosscountry ski trails, 55 miles of hiking trail, approximately half of the Shoresnowmobile trails.

### Voters must sort out rumors from fact in March 21 school bond election

By Terry Wright

**News Editor** 

Information and disinformation flying rampantly through the within the Crawford AuSable School community about the March 21 school election have resulted in record overtime in the rumor-control mill.

> The rumor that the millage will be used to hire or give teachers raises is absolutely false, Reynolds said. "It's illegal to use bond-issue dollars to hire teachers or for teacher raises, or raises for any district employees. It can't be done."

> Reynolds explained that over the course of the next few years, some teachers will be added to the staff. "They are already identified in our master plan and the money to hire them has already been budgeted. Even if the bond issue fails again, some of those teachers will be hired, at no extra cost to the taxpayers."

"Why can't a second story be built on the current elementary school?" is another question Reynolds said he is hearing. "Impossible — the building was not designed for a second story and would not support a second story

What if there is not enough money to finish the project? Reynolds said the new building design is only a concept sketch. "You don't start a project until you know the final cost." he said. "Step one is to complete the increasing number of students in the design and determine the cost. If it's over cost then we have to cut back and redesign. The picture in the paper of the entryway was only a concept. Nothing is final yet, but we're looking at functional rather than excessive architecture."

> The \$12.1 million school bond issue will be decided by voters on Tuesday,

Polling sites that day will be open from 7 a.m. until 8 p.m. Voters in precinct one will vote at the Grayling Middle School. Precinct two voters will vote at the Frederic Elementary being used, to put a small dent in the School and precinct three voters will vote at the Lovells Township Hall.

The student directors were interviewed and chosen by the high school and middle school art teacher, Bambi Mansfield. Students were chosen for their student-director positions based on previous experience in the drama department, organizational skills, leadership abilities and the ability to critique their fellow students.

Mansfield felt that the plays were very successful and said she would like to see the student-director concept utilized for future dramatic presentations.

"I thought the plays went very well," said Mansfield. "I would like to formally congratulate all of the student directors, actors and anybody else who was involved in the plays for a very fine job."

Affiliated with Mercy Health Services North Community Healthcare System

125 Michigan Avenue Grayling, Michigan 49738

Become part of an interdisciplinary hospice team assisting individuals by providing supportive care during the final phase of life. We are currently looking for qualified individuals to fill the following new positions.

Part-time Hospice Medical Social Worker. In this position you will be responsible for assessing the patient/family psychosocial needs. As a member of the interdisciplinary team, you will assist in developing a holistic plan of care for each patient and their family. You will serve as a resource for community services, provide grief/loss counseling for patients, and provide emotional support to the team. The successful candidate will possess a master's degree in medical social work, at least two years of post-master's experience in a clinical setting, preferably in a hospice setting. Please contact Jan Bersted at 517-348-4383.

Contingent or Part-time RN. In this position one or more years of professional nursing experience is required. Medical/Surgical or ICU experience desirable. Hospice experience preferred. Must have well developed assessment skills and ability to work independently. On-call responsibilities. Excellent wages and mileage reimbursement. Please contact Jan Bersted at 517-348-4383.

Contingent or Part-time Certified Home Health Aide. In this position you will be responsible for performing procedures and treatments according to primary nurse direction and monitoring patient response to care given. The successful candidate will have a high school diploma or GED and certification from the training program through classroom and supervised practical training as required by federal law and/or state laws. Six months experience as a Home Health Aide or Nurse Aide required. Hospice experience preferred. Please contact Jan Bersted at 517-348-4383.

Volunteers are an important part of the hospice team. Through a structured training program you will gain the necessary qualifications to be capable of supporting individuals and families in their home. Volunteers are also needed to assist staff with multiple office responsibilities. Please contact Ellen Light, Volunteer Coordinator at 517-348-4383.
